About Magic Auto Detail of Japan Center, SF:

Magic Auto Detail opened in 2001 at the San Francisco Japan Center Parking Garage with many years of preparation and experience. After initially providing a mobile service to our customers, we decided to open an everyday location for our regular customers.

Magic Auto Detail was one of the first detailing centers to use a steam machine to wash and clean cars in Northern California. Using steam machines to clean the exterior and interior of vehicles is a very popular method in Europe due to the decreased water usage and chemical runoff compared to most other car wash facilities.

For your convenience, we are open six days a week. We offer mobile services for those who are too busy. We offer up to 1 hour of validated parking for basic services and up to 3 hours for detailing services. We encourage you to make an appointment with us by calling 415-WAX-WASH (929-9274).

Business Hours:

Monday - Friday: 8:00AM to 5:00PM
